TOWN HALL ISSUES

(Submitted prior to 6 Oct 20)

ARMY & AIR FORCE EXCHANGE

What happened to the large hand washing machines that were in front of the AAFES building? They just disappeared.

SHERIDAN ROAD GATE ACCESS

The gate on Sheridan gets backed up during duty time lately in the morning because of this stop and go process. I understand security, but I am not understanding why security has to stop the cars so far back from the next car for you to move forward to scan your card. I get that some cars do not wait for the gate to go red before they scan, but stopping the cars so far back really makes the process go even slower. I waited in the line for thirty minutes. Not all the gates are even doing this process so it's not all uniform. Can someone explain this to me please?

POST RETIREMENT CEREMONIES

Why - especially in the time of COVID, are the outdoor retirement ceremonies moved from Old Post Quadrangle to Cache Creek Chapel ? Please tell me they will return to the Old Post Quadrangle soon, as civilians who dedicate many years of service to the installation and serve as continuity for the installation deserve a ceremony on Old Post Quadrangle just as incoming commanders at various levels. I would think an outdoor ceremony would be safer. Can someone please tell me what is going?
