Domestic Violence Awareness Month

October is Domestic Violence Prevention Month

2024 Installation Commander's Proclamation

Domestic Violence Prevention Month (DVPM) is recognized each year during the month of October. It is important to realize that many causes and conditions contribute to domestic violence, and it takes more than the usual effort to reduce the risk. We should never assume that someone else is solving the problem for us. Any time an Army Member, spouse, intimate partner or child(ren) suffers from abuse, we have done a disservice, not only to our Lawton-Fort Sill Community, but also to ourselves.

Without every one of us doing our part, we cannot say our Army is fully ready to meet the mission of Domestic Violence Prevention. As long as, any Army member, spouse or intimate partner suffers from abuse, we have fallen short of our goals for readiness. Therefore, the message to everyone in the Fort Sill Community for Domestic Violence Prevention Month 2024 is very simple:

Healthy Relationships Must Promote Safety, Positivity and Responsibility

Relationships are like gardens; they need to be cultivated and require care to ensure they are a safe and healthy part of your life. Feeling safe in a relationship, both physically and emotionally is crucial.

Relationships should be positive. Encourage each other to be that positive role model for yourself, your significant other and for your Family. We learn about relationships by watching the people we know best.

Relationships should be respectful. It is everyone's responsibility to create a climate of respect and safety within the Army Family. Respecting your partner is one of the fundamental ways to show love.

Join us in making this October's Domestic Violence Prevention Month the beginning of a year-round campaign to end domestic violence. Let the Fort Sill Family Advocacy Program be your partner in preventing and reducing the risk of domestic abuse, and restore valued relationships that maybe deteriorating. Consistent safety, positivity and responsibility in relationships can be the end result of these efforts.

Take a stand to prevent domestic violence and keep our community safe.

Domestic Violence AWARENESS MONTH

In honor of Domestic Violence Awareness Month, the Family Advocacy Program invites you to help bring awareness to our military community. Domestic Violence is multifaceted and includes physical, psychological, sexual, and economic abuse of victims and is often hidden in public view.

Army Family Action Plan (AFAP) Campaign

- For over 30 years, AFAP has been dedicated to improving the quality of life for all military personnel (active, reserve, guard, retiree), family members, DOD employees, and Survivors. It is a process that lets us say what is working, what is not, and how to fix it. It alerts Commanders and Army leaders to areas of concern that need their attention and gives them the opportunity to put plans into place to work toward resolving the issues.
- Since 1983, over 700 issues have been raised to the Department of the Army level and have resulted in over 500 improvements, through policy and legislation changes for Soldiers, Families, and Army.
- Issues can be submitted through:
 - www.armyfamilywebportal.com Issue Management System (IMS)
 - sill.armymwr.com/programs/AFAP
 - Army Community Service Office, 4700 Mow-Way Road

(Submissions can be anonymous)
